TWENTY-SEVENTH YEAR

MCCOOK, RED WILLOW COUNTY, NEBRASKA, FRIDAY EVENING, SEPTEMBER 18, 1908

NUMBER 17

SPEAKERS OF NATIONAL NOTE.

A bunch of them next week and the week following.

Plans have been completed for the appearance in McCook, during the next two weeks, of several political orators of state and national note.

On next Friday, September 25th, United States Senator Brown of Nebraska will deliver two addresses, in the afternoon at the county fair at Indianola and in the evening in the Menard opera house in our city.

Monday evening, September 28th, Governor Herrick, from Ohio, an orator and statesman of national reputation, will speak in the Menard opera house of our city. He appears under auspices of the national congressional committee, it being one of the very limited number of addresses he will make in Nebraska.

Friday, October 2nd, in the evening, Governor Sheldon of Nebraska will speak in the opera house, and it is needless to add that he will have a large and enthusiastic hearing.

At all of these speeches and rallies the McCook High School band will play. The boys will surprise you, too.

Taken to Lincoln for Treatment.

Volney Gunderman was taken to Lincoln, last Friday night, for treatment for dysomania. Gunderman has been in the habit of spending quite all of his earnings for liquor and putting in his spare times abusing his wife. Efforts have been repeatedly made to secure his better treatment of his family, without success. He was brought before Judge Moore, last week, Friday, and sentenced as above. The wife's neck still bore in court evidences of his "love and affection," where the husband and father had choked her. There are several children in the family.

A HARD

WATER BATH.

Bathing in hard water is an unsatisfactory process. A little of our violet ammonia added to the bath not only overcomes the hardness of the water but adds to the refreshing qualities of the bath.

VIOLET AMMONIA overcomes the prickly sensation that follows the hard water bath, it cleanses the skin better and it invests the pores with a delicate perfume. Price 25c.

This will be the second event of its kind which No. 42 is responsible for, the first game having been played last year, when the married men defeated the youngsters by a score which it would be cruel to mention.

As the knights do not do anything by halves, the public may look for something that will be interesting and worth while.

A reward is offered for an error of the machine, so cock sure is the company of the wonderful accuracy and capacity of this type of register.
